

December 3, 2010

Below are anticipated construction activities for the week of 12/6/2010.

****While this list encompasses numerous construction projects, it does not list all DPW projects throughout the county. We ask for motorists' patience and caution while driving through construction sites.**

PIKE TOWNSHIP

38th Street from I-465 to I-65 remains under construction. In order to maximize exposure and create ease during the holiday season, all six lanes of traffic will be open until January 5. Expect delays when construction resumes. Please visit the project webpage at www.indy.gov/dpw.

Roads are being repaired and resurfaced within Eagle Creek Park.

Final pavement markings will be placed on Guion Road from the railroad tracks north of 38th Street to 71st Street.

Expect lane restrictions on Michigan Road between 76th Street and Double Tree Boulevard as the contractor is installing a new pedestrian trail.

WASHINGTON TOWNSHIP

The intersection of Fox Hill Drive and Grandview Drive will be closed for the installation of sanitary sewers.

Sanitary sewer will be installed on Grandview Drive from Fox Hill Drive to Juan Solomon Park.

Clearing and channel improvements will occur along Crooked Creek from 44th Street to 42nd Street.

Spot repairs will be made in anticipation of resurfacing on Brewster Road from Township Line Road to Ditch Road.

Clearing and storm sewer installation is occurring on Michigan Road from Cold Springs Road to Kessler Boulevard with lane restrictions both north and southbound.

Milling and resurfacing is occurring on River Road from River Crossing to I-465.

LAWRENCE TOWNSHIP

Driveway culverts along Hague Road from Fall Creek Road to 75th Street are being replaced.

Milling and road repairs are underway on Village Way from 86th Street to 96th Street.

Milling, resurfacing, and curb and sidewalk replacements are occurring along Prairie Drive, west of Castleton Farms.

WAYNE TOWNSHIP

The replacement of segments of curb, sidewalk, and ADA ramps along 10th Street between I-465 and Raceway Road will continue.

WARREN TOWNSHIP

Raymond Street will have lane restrictions over Lick Creek during the bridge rehabilitation. The right-hand lanes for both east- and westbound traffic will be closed during this phase.

PERRY TOWNSHIP

Bluff Road from Troy Avenue to Sumner Avenue will be open to LOCAL TRAFFIC ONLY during sanitary sewer installation.

Bluff Road from Hanna Avenue to Sumner Avenue will be open to LOCAL TRAFFIC ONLY during sanitary sewer installation.

Sewers are also being installed in the 3200 block of South Meridian Street, with no lane restrictions expected.

Works continues on the north half of Hanna Avenue from East Street to Carson Avenue. It is anticipated traffic will be switched to the north half in mid-December to allow the south half to be reconstructed.

Sanitary sewers are being installed along Woodhill Drive, east of Brill Road. Woodhill Drive from Meridian Street to Brill Road will be repaved.

CENTER TOWNSHIP

Contractors will be milling and repaving the roadway on the following streets. Expect lane closures while construction is taking place and restricted parking during the daytime hours.

- Pennsylvania Street from McCarty Street to South Street
- Illinois Street from McCarty Street to South Street
- Ohio Street between West Street and Alabama Street
- Meridian Street from Troy Street to Prospect Street

In addition to street repaving, contractors will be making repairs to concrete curbs and sidewalks and ADA ramps along the streets listed below. Work is scheduled to take place during the daytime hours, though some sidewalk closures will be necessary overnight. Lane closures and restricted parking are to be expected during construction activities.

- Pennsylvania Street south of Washington Street
- Illinois Street south of Washington Street

- Ohio Street and College Avenue
- Vermont Street from Meridian Street to Pennsylvania Street
- New Jersey Street from Ohio Street to St. Clair Street
- Adams Street from Roosevelt to 25th Street
- St. Paul Street from Pleasant Run Parkway South Drive to Prospect Street

Storm sewers will be installed along Prospect Street from Southeastern Avenue to Emerson Avenue.

The rehabilitation of the Oliver Avenue Bridge over White River will continue. The bridge will remain open during construction with lane restrictions.

The Morris Street Bridge over White River will be closed during construction. A posted detour route will direct motorists around this year-long project.

Work continues on Dr. Martin Luther King Jr. Boulevard from Fall Creek Road to 30th Street. Banner poles are being installed, decorative crosswalks are being placed, and site restoration is occurring with limited lane restrictions.

The intersection of 10th Street and Miley Avenue will continue to be closed with an anticipated re-opening in late December.

Lafayette Road will continue to be restricted between 16th Street and Cold Springs Road. North- and southbound traffic is restricted to one lane in each direction. Restrictions are scheduled to be lifted January 2011.

19th Street will be closed at the Lafayette Road intersection until late January 2011.

Workers will be installing storm sewers along Dietz Street.

Indianapolis Cultural Trail

Work is in progress on Capitol Avenue from Washington Street to Maryland Street, and Alabama Street from Market Street to Washington Street.

Georgia Street

Utility relocations continue in preparation of the Georgia Street reconstruction scheduled to begin in January 2011. Businesses along Georgia Street are still open. Please visit the project web page at www.indy.gov/dpw.

Scioto Street

Scioto Street will have limited access as reconstruction begins from Maryland Street to Georgia Street.
